

please stock!

Dear _____ Store Manager:

I think the vitamin and minerals section of your store would benefit greatly from the addition of Drinkables® Liquid Supplements.

This is a family of liquid supplements that support a healthy lifestyle.

Drinkables® has formulas that support joint health, provide the benefits of over 40 fruits and vegetables in a one ounce serving, and combine the antioxidant power of the most popular fruits and herbals from around the world.

Providing nutritional supplements in a liquid form increases the bioavailability of the supplement. The Drinkables® liquid formula is also less likely to upset your stomach. Drinkables® utilizes the highest quality nutrients at levels that meet or exceed most solid supplements.

You can get more information at www.Drinkables.com or by calling 1-888-333-4256 ext. 101.

Thank you for taking time to listen to my request.

Sincerely,

A Drinkables® Fan(atic)

For All of Your Family's Health Needs
